

# NEUE VOCAL SOLISTEN

The seven singers are constantly searching for new forms of vocal expression in exchange with composers. One focus is the work with artists who virtuously exploit the possibilities of digital media, with interest in networking, in playing with genres, in dissolving space, perspectives and functions. Interdisciplinary formats between music theater, performance, installation and concert staging characterise up to 30 premieres a year. Together with programmers and web designers, the Neue Vocalsolisten explore "magic spaces" - performance formats between analogue and digital perception. At the centre of the ensemble's work is vocal chamber music theater: hundreds of works have been composed "tailor-made" for the singers.

The Neue Vocalsolisten have been honoured with numerous awards for their contributions to contemporary vocal music, including the Silver Lion of the Venice Biennale 2021 and the Italian critics' prize Premio Abbiati 2022.

In master classes and a digital "NVS Academy", the Neue Vocalsolisten introduce young artists to the challenges of experimental vocal music.
